You see me standing there and act like you don't know me.

But last night you were calling me, saying you want me.

Oh, why you always make me feel like I'm the one that's crazy.

You feel my heart racing, my, my heart racing.
Boy, I need you here with me. We can't go on this way. I'm falling hard for you.

All I can say... We're going round and round, we're never gonna stop. Going round and round, we'll never get where we're going.
Round and round, well you're gonna miss me 'cause I'm getting dizzy going round and round and round. You tried to pull me close and whisper in my ear.

You always told me lies, I cried out all my tears. I pushed my feelings to the side but then you bring them back. Bring them back. Now you've got me singing...
Love me or love me not, I'm staring at the clock.

I take them flower petals off and then I watch them drop.

Can you feel me when I think about you with every break I take?

Ev'ry minute, my heart is yearning like the ocean that's running dry, my world is an empty place.
Like I've been wandering
It's like the ground is crumbling
and my days, oh, won't you save me?

Don't know if it's a mirage,
There's gonna be a monsoon when you get back.

Your face, oh, baby.
I'm missing you so much, can't help it, I'm in love.
A day without you is like a year without rain. I need you by my side, don't know how I'll survive.

G   Bm   Em

a whoa, a whoa, a whoa.
What a bad day, yeah. I've been there before.
What's the problem? Compared to the weight of the world.

But I keep my head up, so I don't have those anymore.
Quit try'n' to please every man, woman, boy and girl.

I made a choice to be the best that I could ever be.
Better pick up the pace, there ain't no time to waste.

Got to stay positive, ignore the negativity.
Morrow's never promised so I started living for today.
I'm gonna follow my intuition
telling myself
to listen. Everything's gonna be okay.
it's gonna be a good day. Oh, oh, oh, oh.
oh. oh. Oh. oh. oh. It's gonna be a good day.
Follow my intuition, it's gonna be a good day.

I've got to go, gonna be a good day.

All I know is that I've just got to let go.
It's always easy to know. But sometimes it just gets so confusing.

Feel like I don't know what I'm doing. But I trusted my heart and in the end it turns out to be better than when it begins.
You see what's meant to be, it's gonna happen, you know it's
gonna be a good day! I'm gonna follow my intuition.
